## A Note from "Nana"

At Nana's Place Learning Center, there are not too many things we don't place a high priority on, but at the top of our list is love, learning, fun and focus. We believe that all of these are essential as children grow from infancy into adulthood, and when it comes to our highest priority at Nana's Place, we strive to ensure that our children and their families are always at the receiving end of those benefits. That's why we decided to open our first set of doors in 1993.

Our goal is to provide an atmosphere that nurtures children and promotes learning for all ages and to help to build a solid foundation for learning and development.

We believe that is important not only to children, but as a way to reassure parents as well. While it's difficult to leave your children in the care of someone else, we hope to make the decision to do so a little easier to handle. Maintaining these key principles has helped sustain us for nearly 20 years and as we evolve and continue to grow, we hope it's 20 more! We invite you to contact us to arrange a visit at one of our existing locations and we welcome the opportunity to serve you.

—Doris "Nana" Smith, Owner, Nana's Place Learning Center

## Our Philosophy

Our goal at Nana's Learning Place is to nurture your child while promoting learning, socialization and exploration. We strive to ensure every child discovers and learns in a way that is exciting, challenging and rewarding and that their parents see the benefits firsthand. We are confident that you will be thrilled with your child's progress after being placed in the loving, nurturing care of our well-qualified child care providers and classroom teachers

## Quality Curriculum

As a 5 Star facility, we understand that a great start can help to ensure an amazing finish. At Nana's Place, children have the opportunity to gain practice in cognitive, language, fine motor, large motor, social, emotional, and self help skills through developmentally appropriate techniques. These skills will help your child build his/her self-esteem and prepare him/her for future developmental opportunities.

## Testimonials

*"The director Mrs. Karen Smith-Jones, at Nana's Place Learning Center believes that children should not be boxed in by a developmentally appropriate curriculum and she truly lets the students excel to their highest potential. The Nana's Place staff provides a loving environment and sets high expectations for all students."*

Sincerely,  
Dwight and Alicia Hash

*"Since enrollment, my son has become much more independent academically and socially...I am so blessed to have found a group of teachers for my son, that will care for him almost as much as his own "Nana". "The Best Kept Secret" in Charlotte. Hands Down!"*
